Street Smarts - Construction Zone Safety

With construction season in full swing, this is a great time to review the construction zone safety tips presented in our Street Smarts safety materials.

You can access all of our safety cards at the following web address:

If you would like to request hard copies of the Street Smarts Cards, email Bob Villella at bvillella@spcregion.org

The CommuteInfo program is designed to increase the number of people who travel to work or school by riding transit, vanpooling, carpooling, or bikepooling.
