CommuteInfo Commute Options Awareness Month is a specially designated month to celebrate and focus extra attention on the promotion of [commuting options](#) in Southwestern PA. The goal for the month is to further encourage people to use alternative commute options (transit, vanpool, carpool, biking and/or walking) to get to work or school.

May was chosen for this special month since it includes National Transportation Week, National Bike to Work Day, National Employee Health and Fitness Day, and National Clean Air Week.
