CommuteInfo Welcomes New Vanpool Groups

Just since January 1st, CommuteInfo welcomed three new vanpool groups! All three are traveling to Cranberry Township as their destination. This brings the total number of vanpools operating in southwestern Pennsylvania to 57!

We would like to thank all of our regional partners, whose support allows us to continue to grow the region's vanpool program. And remember, CommuteInfo assists groups of seven or more persons interested in forming vanpools. Interested persons should email CommuteInfo@spcregion.org to schedule a vanpool formation informational session.
