

CommuteInfo Connections - November 2012

Video: Winter Driving Safety

As chilly weather fast approaches, now is a great time to start thinking about safe winter driving habits.

In December of 2009, David Pritt from the Pennsylvania Department of Transportation's District 11-0 office was a guest speaker for a special CommuteInfo webinar titled "Winter Driving Safety".

We are happy to let you know that this entire presentation can now be viewed on your computer! [Click here to watch the video.](#)

Drive Even Safer by using "Street Smarts"!

Street Smarts is an educational campaign to provide safety information to commuters. As part of the campaign, five information cards were produced that provide tips on safe commuting habits. [Click here to view the Street Smarts card for safe driving.](#)
