## Fun Facts

- Halloween is second only to Christmas in spending. Consumers will spend over \$2.5 Billion during Halloween. That's a whole lot of candy, costumes, decorations, and party goods.
- **Did you Know?** There are no words in the dictionary that rhyme with orange? Hard to believe for such an important color?
- The Irish carved Turnips and put coals or small candles inside. They were placed outside their homes on All Hallow's Eve to ward off evil spirits. They were also known to use potatoes and Rutabagas.

• "Trick or Treat" originated in Britain where it was first known as Mischief Night.

• In America children threaten "trick or treat" as they approach different doors. In Scotland adults demand more value for their sweets. Children are expected to perform a party piece - joke, song or story - before cashing in on the sweetie prize.
